Customer Creation through BC FI Portal

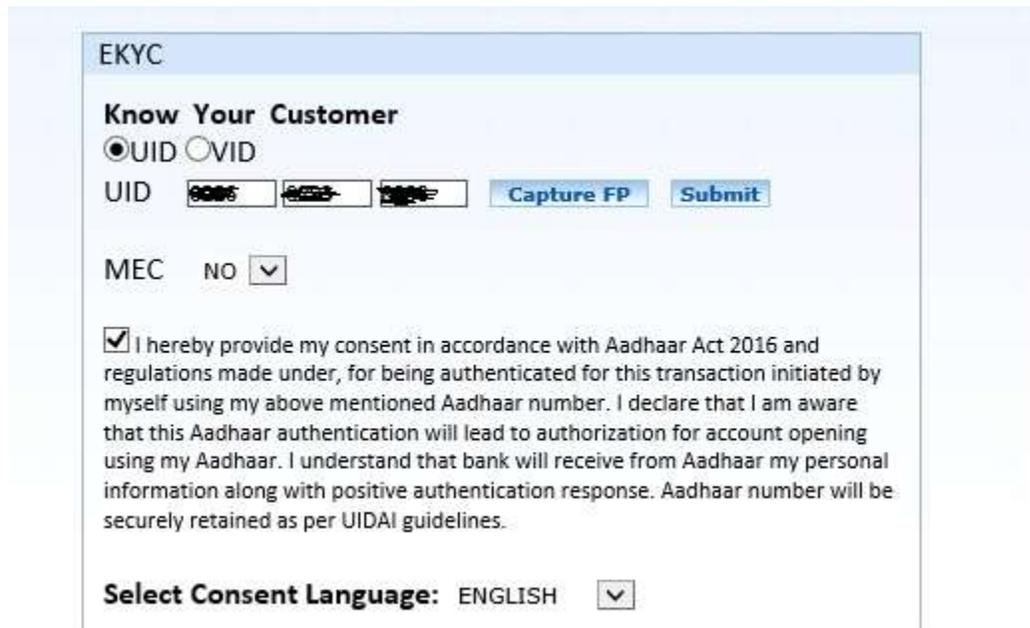

1. EKYC Customer Creation

1. BC Agent Logins in the Portal using two factor authentication (Password and FP verification through UIDAI)
2. After successful Login, Agent can click on Customer Creation menu -> **KNOW YOUR CUSTOMER**

3. Below Page will be displayed to get inputs from Customer.

UID & VID (VID – Virtual ID) radio buttons.

The screenshot shows the 'EKYC Know Your Customer' form. It features two radio buttons for 'UID' and 'VID', with 'UID' selected. Below the radio buttons are three text input fields for entering the UID or VID number, followed by 'Capture FP' and 'Submit' buttons. A 'MEC' dropdown menu is set to 'NO'. A consent checkbox is checked, and the text below it reads: 'I hereby provide my consent in accordance with Aadhaar Act 2016 and regulations made under, for being authenticated for this transaction initiated by myself using my above mentioned Aadhaar number. I declare that I am aware that this Aadhaar authentication will lead to authorization for account opening using my Aadhaar. I understand that bank will receive from Aadhaar my personal information along with positive authentication response. Aadhaar number will be securely retained as per UIDAI guidelines.' At the bottom, there is a 'Select Consent Language' dropdown menu set to 'ENGLISH'.

4. Customer can either provide his UID or VID number for enrollment. Based on the input given by customer, BC can either select UID or VID radio button.

a. If customer selects UID, then customer will be allowed to insert UID.

b. If customer selects VID, then customer will be allowed to put 16-Digit VID into text boxes.

5. **Consent will be taken from customer before capturing fingerprint. Without consent agreement, customer will not be allowed for enrollment.**

6. After ticking on consent, BC will be allowed to click on “Capture FP” button and continue to capture Customers Fingerprint through FP scanner device for authentication.

7. After clicking on submit button, customer will be authenticated at UIDAI with his/her fingerprint.

8. After successful authentication, customer data available at UIDAI will get fetched and displayed on screen.

9. Details fetched from UIDAI will be non editable.
